

## Fact Sheet

### LAGUNA PHUKET

One resort with seven hotels and villa properties sharing a common goal: to create the holiday of a lifetime.

#### Our unique integrated concept offers:

- Free use of inter-resort transport via shuttle buses and lagoon boats
- Choice of over 30 restaurants and bars
- One centralised billing system allowing signing privileges at all hotels
- Access to wide spectrum of sports and recreational facilities throughout the resort by purchasing a day pass at participating hotels
- Environmental conservation through shared ancillary services such as laundry, water treatment and maintenance

Launched in 1987 as the first integrated resort in Asia, Laguna Phuket occupies 1,000 acres of landscaped tropical grounds. Incorporating several picturesque lagoons and fronting the 8km-long white sand beach of Bangtao Bay, it is located just 20 minutes drive from the Phuket International Airport.

Built on an abandoned tin mine, once considered too polluted to develop, Laguna has become recognised and admired as one of the region's leading resorts and most successful environmental projects.

The owner developer is Laguna Resorts & Hotels Public Company Limited, a listed company on the Stock Exchange of Thailand. The resort is allied with Banyan Tree Holdings in Singapore. The group's capital investment in Laguna Phuket back in the 1980's was over 5 billion baht (US\$200 million) representing the single largest investment in Phuket at that time.
