

Fact Sheet

LAGUNA PHUKET

Asia's premier integrated destination, Laguna Phuket is home to eight world-class hotels, premium facilities and property developments spanning over 1,000 acres of lush parkland and beachfront.

Our unique integrated concept offers:

- Inter-resort transport via shuttle buses and lagoon boats
- More than 25 restaurants and bars
- One centralised billing system allowing signing privileges at all hotels
- Access to wide spectrum of sports and recreational facilities throughout the resort by purchasing a day pass at participating hotels
- Environmental conservation through shared ancillary services such as laundry, water treatment and maintenance

Launched in 1987 as the first integrated resort in Asia, Laguna Phuket occupies 1,000 acres of landscaped tropical grounds. Incorporating several picturesque lagoons and fronting the 3km-long white sand beach of Bangtao Bay, it is located just 30 minutes drive from the Phuket International Airport.

Built on an abandoned tin mine, once considered too polluted to develop, Laguna has become recognised and admired as one of the region's leading resorts and most successful environmental projects.

The owner developer is Laguna Resorts & Hotels Public Company Limited, a listed company on the Stock Exchange of Thailand. The resort is allied with Banyan Tree Holdings in Singapore. The group's capital investment in Laguna Phuket back in the 1980's was over 5 billion baht (US\$200 million) representing the single largest investment in Phuket at that time.
