

Laguna Phuket – Fact Sheet

Asia's premier integrated destination, Laguna Phuket is home to seven world-class hotels, premium facilities and property developments spanning over 1,400 acres of lush parkland and beachfront.

Our Hotels & Resorts:

- Angsana Laguna Phuket
- Banyan Tree Phuket
- Banyan Tree Vaya
- Cassia Phuket
- Dusit Thani Laguna Phuket
- HOMM Suites Laguna
- SAii Laguna Phuket

Our unique integrated concept offers:

- Complementary inter-resort transport via shuttle buses and lagoon boats
- More than 30 restaurants and bars
- One centralised billing system allowing signing privileges at all hotels in Laguna Phuket
- Access to a wide spectrum of sports and recreational facilities throughout the resorts by purchasing a day pass at participating hotels
- Environmental conservation through shared ancillary services such as laundry, water treatment and maintenance
- World-class facilities

Launched in 1987 as the first integrated resort in Asia, Laguna Phuket occupies 1,000 acres of landscaped tropical grounds. Incorporating several picturesque lagoons and fronting the 3km-long white sand beach of Bangtao Bay, it is located just 25 minutes drive from the Phuket International Airport.

Built on an abandoned tin mine, once considered too polluted to develop, Laguna has been recognized as one of the region's leading resorts and most successful environmental projects.

The owner developer is Laguna Resorts & Hotels Public Company Limited, a listed company on the Stock Exchange of Thailand. The resort is allied with Banyan Tree Holdings in Singapore. The group's capital investment in Laguna Phuket back in the 1980's was over 5 billion baht (US\$200 million) representing the single largest investment in Phuket at that time.
